RAZA HASSAN

Full Stack Developer

PROFESSIONAL SUMMARY

Full Stack Developer with expertise in building responsive web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), Next.js, and TypeScript. Skilled in developing RESTful APIs, implementing authentication and authorization with JWT, and designing modern user interfaces using HTML5, CSS3, Tailwind CSS, and Bootstrap. Proficient in React architecture, version control with Git and GitHub, containerization with Docker, and establishing CI/CD pipelines with automated testing through Jest and React Testing Library. Experienced in API integration, system design, deployment workflows, and leveraging Postman and NestJS to build scalable applications.
