## SUMMARY

Web Developer with hands-on experience in building responsive and scalable web applications using modern technologies including React, Next.js, and TypeScript. Developed multiple real-world projects with focus on performance, clean code, and user experience. Skilled in both frontend development and currently expanding expertise in MERN stack to deliver full-stack solutions.

## EXPERIENCE

### FREELANCER | Jul 2025 — Current

Freelance Frontend Developer — Self-Employed (1 Year)

- Developed responsive and user-friendly web applications for clients and personal projects
- Converted UI/UX designs into functional React-based applications
- Built reusable components to improve development efficiency and code maintainability
- Collaborated with clients to gather requirements and deliver optimized solutions

## EDUCATION

### The Smart School - Karachi F.B Area | MATRIC

| Aug 2014 - Aug 2024

### SMIT - SMIT BAHUDDURABAD HEAD OFFICE CAMPUS | Web Development Program

| Jul 2025

## SKILLS

- HTML(5)
- Tailwind css
- Responsive Design
- React.js
- TypeScript
- Version Control (Git) & Github
- CSS(3)
- Bootstarp
- JavaScript (ES5 & ES6+)
- Next.js
- RESTful APIs
- Leraning: Full-Stack (MongoDB, Express, Node.js,)

## LANGUAGES

**ENGLISH** Intermediate / **URDU** Advanced

## ACHIEVEMENTS

- Successfully developed and deployed multiple frontend web applications
- Built scalable and reusable UI components using React
- Continuously improving problem-solving and development skills through hands-on projects

## PROJECTS

E-Commerce Perfume Store (<https://onlychoice.shop/>)

- Built a responsive e-commerce web application using React, TypeScript, and Tailwind CSS
- Implemented product filtering, search functionality, and dynamic product pages
- Developed shopping cart system with real-time updates
- Optimized performance and achieved fast loading speeds across devices
- Ensured cross-browser compatibility and mobile responsiveness

Restaurant Web App (<https://restaurant-web-react-phi.vercel.app/> | <https://github.com/RAZA5500/Restaurant-Web-React>)

- Developed a modern restaurant website using React with reusable components
- Implemented routing using React Router for seamless navigation
- Designed responsive UI with clean layout and user-friendly experience
- Structured components to improve scalability and maintainability

Upcoming Full-Stack Project (In Progress)

- Building MERN stack application with authentication (Login/Signup)
- Integrating REST APIs and database (MongoDB)
- Planning dashboard features and real-world functionality

## ADDITIONAL

- Passionate about building modern and high-performance web applications
- Interested in UI/UX design and frontend optimization
- Actively learning backend development to become full-stack developer

## HOBBIES AND INTERESTS

- Learning new web development technologies.
- Building personal coding projects.
- Exploring UI/UX design trends.
- Reading tech blogs and programming articles.
